

THE PLATEAU OF CHINCHERO AND MARAS

All-Terrain Vehicles_Full day

This exciting full day excursion in one of our All-Terrain Vehicles is a brilliant way to explore the Sacred Valley.

Guests can look forward to an action-packed day as their off-road vehicle bowls along mountain trails, passing bright fields of native flowers, and enjoying the wonderful local birdlife in the trees and skies above. The vistas are breathtaking and the glimpses into the lives of the local farming communities fascinating.

After meeting in the hotel lobby, guests depart by van to Piuray Lake, near Chinchero, picking up their All-Terrain Vehicle for a short orientation session over easy terrain.

The ride begins with a visit to the textile weaving communities of Cuper and Corcor, both of which enjoy spectacular views over the Vilcanota mountains. Traversing fields to Moray, guests meet and mix with members of the local community; farmers growing varieties of potatoes and other crops. The serene Lake Huaypo is an idyllic spot for refreshments, lunch and a rest, before guests take to their ATVs once again for the onward journey to Moray, the archaeological site famed for its agricultural terraces. Guests can explore Moray at their leisure, before continuing to the fascinating ancient salt pans of Maras to finish the trip.
