

THROUGH THE SACRED VALLEY

All-Terrain Vehicles_Half day

This exhilarating, all-terrain vehicle excursion is the ideal way to cover some serious ground and to get a true sense of the wonders of the Sacred Valley in three hours.

Guests can expect to kick up some dirt as their off-road vehicle rolls along mountain trails, passing fields of indigenous flowers accompanied by extensive local birdlife in the blue skies above. The vistas are breathtaking and the glimpses into the lives of the local farming communities mesmerizing.

From Pumahuanca Gorge, guests take in the farming communities of Rumichaca, Palcaraqui and Pumahuanca. Enjoy scenic vistas and plenty of native flora as guests continue to Chicón Gorge, with its panoramas over distant mountain peaks and glaciers. The excursion passes through the charming town of Urubamba and on to the archaeological ruins of the palace of Huayna Capac, concluding at the quaint traditional village of Chichubamba and its chicherías where chicha, the popular local maize beer, is brewed.
